

GUARANTEED ANALYSIS

11.2% Urea Nitrogen

15.4% Water Soluble Nitrogen

Derived from: Borates, urea, methylene diurea and methylene ureas.

15.4% Slowly Available Nitrogen from methylene diurea and methylene ureas.

1 gallon contains 0.5 pounds of elemental Boron (B) and 1.24 pounds of Nitrogen (N).

26.6-0-0-5% BORON PLUS SRN

CONTROLLED RELEASE NITROGEN PLUS BORON NUTRITIONAL LIQUID CONCENTRATE

KEEP OUT OF REACH OF CHILDREN CAUTION

CAUTION

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS and DIRECTIONS FOR USE. Avoid contact with formulated product. Do not take internally. Avoid contact with or inhalation of the spray mist. Do not apply this product in such a manner as to directly expose workers or other persons. If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling. Harmful if swallowed. Avoid contact with eyes and prolonged contact with skin to avoid irritation. Wear resistant gloves. Not for human or animal consumption.

WHAT TO DO IN CASE OF CONTACT:

IF INGESTED: Drink large volumes of water (2 to 4 glasses of water). Do not induce vomiting. Obtain medical attention immediately.

EYE CONTACT: Flush eyes with clean water for 15 minutes. Seek medical attention immediately.

SKIN CONTACT: Remove contaminated clothing and wash skin with soap and water. Seek medical attention if inflammation develops or persists.

IF INHALED: Move to fresh air and seek medical attention if inflammation develops or persists.

WARNING: USE WITHIN 9 MONTHS FROM DATE OF PURCHASE. MAY CAUSE IRRITATION. HARMFUL IF SWALLOWED. This product contains Boron. Determine plant sensitivity prior to use. Crops sensitive to Boron may be injured.

Net Contents: 2.5 gallons 250/265/275 gallons Net Weight: 10.6 lb per gallon (approximate) GENERAL INFORMATION: This product is recommended for use as a supplement to a regular fertilizer program only. Foliar fertilization is intended as a supplement to a regular fertilizer program and will not by itself provide all the nutrients required by

crops or other intended plants.

PRECAUTION: Use of this product in accordance with label directions is not expected to adversely affect normal vegetative and/or reproductive growth in most situations. However, various environmental and agronomic factors, such as crop stress associated with high temperatures and/or dry conditions, make it impossible to eliminate all risks associated with the use of the product; therefore, crop injury is always possible. The user assumes all risks of use and handling. In an effort to reduce the risk of crop injury, apply early morning or late evening.

GENERAL RECOMMENDATIONS: 26.6-0-0-5% Boron Plus may be applied by air, ground or through irrigation systems. Use enough water for thorough, uniform coverage of foliage or soil. 26.6-0-0-5% Boron Plus is compatible with most pesticides

and other fertilizers, but a "jar test" is recommended for unfamiliar tank mixes to ensure compatibility.

The following is a guide for the use of 26.6-0-0-5% Boron Plus as a plant nutrient. Rates and frequency of application will depend on individual management programs. Use of 26.6-0-0-5% Boron Plus on any crops not listed on this table must be as a result of recommendations from your local agricultural authority.

ROW CROPS, TREE CROPS, FRUIT AND VEGETABLE CROPS:

Apply 1 – 4 quarts beginning at early bloom and thru fruit set on an as needed basis. *DO NOT APPLY TO FRUIT TREES AT EÀRLY BLOOM THROŪGH FRUIT SET. Row crops will require multiple applications to achieve Boron requirements. Apply in sufficient water to ensure thorough coverage.

CONVERSION CHART

The following chart can be used as a guide for applying the correct rates of 26.6-0-0-5% Boron Plus

Pounds of Boron (B)	Amount of SRN
To be applied per acre	to be applied per acre
0.1	26.0 ounces
0.2	3.2 pints
0.25	4.0 pints
0.50	1.0 gallon
1.00	2.0 gallons

STORAGE AND BLENDING INSTRUCTIONS

Store unblended material in closed container between 35° F and 90°F. Do not store in unmarked containers. Dilute with water and lend with other nutrients and pesticides only at time of application and in the amounts required.

TANK MIXING

Add ½ total water to tank. Turn on recirculation line, Add prescribed amount of 26,6-0-0-5% Boron Plus to tank, Add liquid flowable materials. Add any soluble powders. Bring water to volume and recirculate before spraying.

Information regarding the contents and levels of metals in this product is available on the internet at

http://www.aapfco.org/metals.htm. Use this product in accordance with good agronomic practices, which include utilizing proven spray equipment set for proper coverage. Do not make applications when temperatures are too hot. Applications should be made at temperature levels and when other environmental conditions in your area are such that your experience indicates the application will be compatible and will accomplish the desired result.

The use of this material being beyond our control and involving elements of risk, to human beings, animals and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the

directions as stated on this label. Information concerning the raw materials composing this product can be obtained
